Dear All

SA 將在四星期後發表我們的文章。Please see below.

之後應該有國際記者要求訪問(過去的經驗)，同時我們也應該召開記者會，我想國科會是最理想的地方。一來可以讓各位曝光，二來對各位年輕的學者往後的學術生涯有幫助。我會與又仁討論一下，之後再通知各位；另外新聞稿請展蔚擬好後傳給我，在做最後修訂。

best!

Title: Loss of sea turtle eggs drives the collapse of an insular reptile community

First Author: Jhan-Wei Lin

Dear Dr. Huang,

I am pleased to accept your manuscript for publication in *Science Advances*. Congratulations!

We are now preparing your paper for publication, and it is scheduled for publication in about four weeks. We reserve the right to alter this timing based on our production schedule. Your paper will soon be copyedited to conform to *Science Advances* style and improve readability. A link to the proofs containing these changes will be sent to the corresponding author(s) prior to publication.

You may now cite your paper as "in press," but it remains under embargo until 2:00 pm US ET the day of publication. On Sunday evening immediately prior to publication, at 9:00 p.m. US ET, the *Science Advances* Press Package team will route the embargoed press package, in which your study will be included, to thousands of registered reporters worldwide. At that point, you may begin to receive phone calls from journalists and may speak with each one, after determining that each one understands and agrees to the embargo-release time. Please coordinate any press activities including press releases with the AAAS *Science Advances* Press Package Team (vancepak@aaas.org, 202-326-6440). Connect with VancePak if you have questions on press coverage or the embargo.

If you have not done so already, please select your Creative Commons license and order an invoice for your article processing charge (APC). Please direct any questions regarding your Creative Commons license to our Business Office at scienceadvancesstaff@aaas.org. Questions about your APC should be directed to the customer representatives at Copyright Clearance Center at AAASsupport@copyright.com.

For additional questions contact us at scienceadvanceseditorial@aaas.org. Include the manuscript number in the subject of the message.

Many thanks for your contribution to *Science Advances*.

Best regards,

Shahid Naeem
